# ANNAPOORNA BREAKFAST PROGRAMME

---

When we started the Annapoorna Programme initiative in 2012, little did we know that it would grow into a nutrition movement, bringing together and inspiring so many of us. But here we are today!

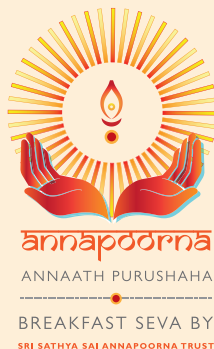

Thanks to your support and continued patronage, Annapoorna has been able to reach out and serve in many rural hinterlands. Do you know we recently crossed the '3 million meals' mark? Annapoorna now serves 30,000 children every morning across 8 states in India. While it's very gratifying to know that we have been able to reach and serve thousands of children, we realise that it isn't enough. There still are millions that need us to reach out to them. Till we ensure no child ever goes to school hungry, our work is cut out for us.

Join us for the Annual 'Meeting of the Minds' Conference to ideate, discuss and find out how we can, together, help in the making of a healthy and happy nation.
